Account Number: 49502080

Payment Reference  
CU Number and Surname

Amount to debit

Frequency

Weekly / Fortnightly / Monthly / Other

### Setting up via your bank's own online application/website

- If setting up yourself online, access your banks online area for Direct Debits / Standing Orders and create / amend a standing order. This will depend on your bank for how this is done.
- Our account details are listed above
- The reference number should be your credit union account number and surname to enable us to credit the correct account.
- The frequency, most banks allow weekly/fortnightly/monthly, so choose one to suit, then as an end date, most will leave that blank so that it is continuous, again this is bank dependant.
- If you wish to have specific amounts allocated to loan / shares, let us know in the office or via email so we can add a message to the account to ensure this is actioned.
